

SPORT-ON company is a European manufacturer of sports equipment for disabled people.

We break stereotypes and create standards in designs intended to empower our customers to live life to the full. Implementing the most creative ideas and turning them into real products.

With an individual approach to each client, we meet the highest expectations.

We have a handbike for your use in any terrain – road, gravel, or on mountain trails!

XCR

The XCR from Sport-On is designed for adult riders with cross country use in mind. In its standard version, it will provide everything necessary for safe ride on roads, bike paths and even light off-road terrain.

Given the nature of the XCR, its custom built to order and can feature virtually any commercially available component, including electric assist.

The standard Shimano Nexus 8 speed integrated gear hub, allows you to change gear while you're stopped. So a red traffic light at the bottom of a steep climb will no longer be a problem!

Standard features on the XCR

This hand-cycled trike is a lightweight and fast handcycle, comfortable and fun. Nimble handling and hydraulic disk brake for added safety. It features high quality components, aluminium frame, hydraulic disc brakes on all 3 wheels and a comfortable seat with adjustable backrest. Good ground clearance for rugged terrain.

Quality

“A thing of beauty, is a joy forever” and the XCR is most definitely a beautiful thing.

The Sport-On XCR is an exceptionally high quality trike, and is fitted with components from the most respected manufacturers in the industry such as Shimano.

The stunning design means the rider looks great on the road and the bucket style seat means you'll feel secure and always be comfortable.
